

You may qualify for financial assistance.

Community Health Partners (“CHP”) has a Financial Assistance Policy under which it provides financial assistance (charity care) to eligible uninsured patients and eligible insured patients with high medical costs.

You may qualify if you are uninsured and your family income is less than 450% of the Federal Poverty Level for your family size (see table), or if you are insured and your family income is less than 400% of the Federal Poverty Level for your family size and you have medical costs that exceed 10% of your annual income. Even if you do not meet these income requirements, you may still qualify for financial assistance with your CHP clinic bill.

	Family income less than 450% of Federal Poverty Level (2023)	
Family size	Per month	Per year
1	\$5,468	\$65,610
2	\$7,395	\$88,740
3	\$9,323	\$111,870

What financial assistance is available?

If you are a qualified patient, you may be eligible for a complete or partial write-off of your medical bill for emergency care and other medically necessary care at CHP. If you are eligible for Financial Assistance, we may not charge you more than the amounts generally billed to individuals with insurance coverage for those services.

How do I apply?

We encourage our patients who are unable to pay their bill to apply for assistance. The Financial Assistance Policy and application form are available on our website communityhealthpartners.org or by calling the Patient Financial Services Department at (559) 459-3939.
